

### Adult Publication Release Form

During participation in HSTA activities and events, staff, students and student products are often photographed, videotaped, and/or audiotaped. The purpose of these materials is to showcase student work and participation. They are published in educational, instructional, and program advancement materials in order to inform the community and other interested parties about HSTA. The materials may also be posted to the HSTA website or HSTA club homepages. The goal is to positively recognize students and share the HSTA experience.

While participating in the above mentioned educational, recruiting, and development related activities of HSTA, I hereby give my consent to be photographed, videotaped, audiotaped, and be shown in live video conferencing.

I further authorize HSTA to use this material in whole or in part, in any manner that they deem appropriate, including any reproductions thereof and give permission for my name to appear with published materials.

I also waive any right I may have to inspect and/or approve the material, and release HSTA from any and all liability that could result from its use.

This form will remain on file and in effect for the duration of HSTA participation.
